THE COSMOS SPEAKS

MASTERS OF DESTINY 2

"Abandon the urge to simplify everything, to look for formulas and easy answers, and begin to think multidimensionally, to glory in the mystery and paradoxes of life, not to be dismayed by the multitude of causes and consequences that are inherent in each experience -- to appreciate the fact that life is complex."

— M. Scott Peck

"Simplicities are enormously complex. Consider the sentence "I love you"."

— Richard O. Moore; [Writing the Silences](#)

MASTERS OF DESTINY 2

"The World at first was endless space, in which existed only the creator, Taiowa. This world had no shape, no time, no life except in the mind of the creator. Eventually the infinite creator created the finite Sotuknang, whom he called his nephew to establish the nine universes (or worlds)"

Hopi Creation myth

Sotuknang also created [Spider Woman](#), who served as a messenger for the creator and was an intercessor between the Source and the people. In some versions of the Hopi creation myth, it is she who creates all life under the direction of Sotuknang.

Spider Woman is a metaphor for *she who creates from a central source*. One day it is She who will pull all of her creation - back to her source. Her web represents the grids or matrix of our reality - the [Spider Web Effect](#). Spider Woman's web links you to everything and everybody in our reality. It is how we learn to be psychic and to connect telepathically

MASTERS OF DESTINY 2

*"Soul of man, you are like water...
Destiny of Man, you are like the wind"*

Goethe

We are purifying our individual embodiments of soul so that the memory of our beauty and essence becomes the guide for our destiny (and others)

MASTERS OF DESTINY 2

Waves 1-5

Evolution is a Universal Process

1st Wave : The fundamentals of matter. The glue that holds it all together! Star systems, galaxies, planets, elements, molecules, crystals, minerals, rocks, single-celled 'life'

2nd Wave: Plants & Animals. Receivers and transmitters of divine 'information'. Split into genders. Instinctual & the source of our instincts. First embodiments of ethereal energy. Continuing to evolve as we are with the new waves.
Eg Sacred White Animals, animal relationships, plant communications.

MASTERS OF DESTINY 2

Waves 1-5

3rd Wave : Primates. Four-legged to 2-legged. Larger brains with increased polarisation. Precursor 'behaviours' for human development

4th Wave: Initial 'Human' beings. Expanding brains and increase in size, hunter-gatherers, driven more by instinct, no 'concepts' of Divine origins. Learned to use tools

5th Wave : Where everything begins to change rapidly!

- Language ability, mental development, emergence of consciousness
- Physically sleeker anatomy

Unfiltered, connected with other-worldly realms/concepts of Divine source

Origin of First nations people (Khoisan in Africa approx. 80 000 yrs old)

MASTERS OF DESTINY 2

5th Wave

- *Origin of all creation stories influenced by cultures forming*
- *Origin of burial ceremonies, art, ritual, symbolism*
- *Original Diamond Consciousness (hence our modern fascination with shamanic practices & indigenous peoples...trying to bridge the gap)*
- *No ego (no rational mind) Harmonic relationships with nature*
- *Origin of Adam & Eve (various versions of!)*

Atlantis & Lemuria

MASTERS OF DESTINY 2

“In ancient mythology and history the symbols of the tree and serpent have always denoted women/ the feminine principle and the mysteries in their keeping”Michael Tsarion

Tree = Tree of Life, origin or gateway to the great mystery

Serpent = the waves or emanations

MASTERS OF DESTINY 2

The Hebrew word for Eve is 'havvah' meaning 'mother of all things' as well as 'serpent'

Arabic words for 'snake', 'life' and 'teaching' are closely related to the word or name, "Eve"

The concept of the Great mother, the creative feminine principle informed the cultures arising/emanating from the 5th wave 'mind'

Goddess-based sects were prevalent around the Mediterranean around 1500 BC
(carried 5th wave)

By 500 AD, they had all but disappeared and been overrun by the patriarchy (6th wave)

MASTERS OF DESTINY 2

Origin of Trauma and birthing of ego

1. *Atlantis – Intervention. ET 6th wavers 'interfered with natural progress & evolution'. Genetic manipulation. Creation of slave race*

*Lemuria (or Mu= "Place of the Ancestors") : breakaway group from Atlantis
Subsequent wars (earthly and galactic)*

2. *Natural cataclysms*

- *Approx. 40 000 yrs ago* - significant surge in cosmic radiation measured by Beryllium-10 in Greenland Ice Core + 10% drop in magnetic field strength.

Evolutionary event – shift in consciousness as observed in cave paintings around the world.

- 26 000 yrs ago – Disappearance of Neanderthal man, Ice Age
Increased Be-10 evidence

MASTERS OF DESTINY 2

Origin of Trauma and birthing of ego (cont.)

13 000 – 11 000 years ago

- Major extinction
- End of last ice age
- Flood stories (disappearance of Atlantis and Lemurian cultures)
- Cosmic event evidenced by Be-10 + Iridium deposits.....AND NANODIAMONDS in deposits around the world => massive delivery of cosmic information for life upgrade (in preparation for 6th wave)
- Emergence of agricultural, domesticated animals and crops

What puts the ego into the driving seat is trauma and the need to create a measure of Control in the face of incredible danger. Modern man still suffers from PTSD as a result of these ancient events, and the left brain/ego has been running the show ever since. Often referred to as 'fracturing' the human psyche

MASTERS OF DESTINY 2

We are currently bridging the 5th wave (primal unity/unfiltered consciousness), with the 9th wave of unification. As we bring the 9th wave potentials online, we do so against the enormous pull of the 'old' energy (like gravity)

Healing the traumas of the 5th (and subsequent) waves, is a critical aspect of our evolutionary journey and ability to attune to and embody the 9th wave.

MASTERS OF DESTINY 2

Practices for week 2

1. Focussed work with the Spirals
 - anti clockwise spiral 'back' through time to Source
 - clockwise spiral to recode life with source light (infuse all 'waves')
2. Focus and balance the brain by working with the 12 complementary attributes.

MASTERS OF DESTINY 2

Spirals and the Human vs Divine Script

Human script runs left-right (counter-clockwise)

Divine Script runs right – left (clockwise)

DNA = marriage of both left hand + right hand spirals
