

The Magic of Colour Online Teleclasses

Homework : Week 5

1. You have been sent a separate attachment with some information about the colour Brown which is very often not addressed in colour therapy. Spend a few moments this week trying out one or two of the suggested exercises and record your experiences.
2. Below is a sample 9-bottle reading.
3. Using the explanation and example created by Penni on pages 48-52, apply the methodology to conduct a 'reading' for the fictitious client provided below.

What colour(s) would you recommend the client work with further and why?

Sample 9 Bottle Selection
