MASTERS OF DESTINY 4

Your body is a waveform information field and is therefore malleable.
As you attune to a different waveform, your perceptions change and your body changes accordingly.

What has your mind accepted or downloaded from Universal mind, Ancestral mind, collective mind?

MASTERS OF DESTINY 4

Free Will is our participation in events that are unfolding, not in forcing life to conform to our desires, wants and needs!

Caroline Myss

MASTERS OF DESTINY 4

Letting GO
(Surfing the waves / riding the serpent!)

"Consciousness itself is Self-governing and self-regulating" Matt Kahn

Letting go is the process of surrendering to the waves themselves, to Life, to the Divine. It is the proper understanding and use of Will.

Willpower used to force our lives in a specific direction (which may be in opposition to their natural direction and universal 'flow'), leads to excessive use of energy that can disrupt the digestive system – ulcers, kidney stress, cancer, stomach issues, disease, Exhaustion. Also rage, emotional denial and isolation.

Our will may also be bent to the will of others, leading to compromise, low self-esteem, Inability to relax, depleted energy and lowered frequency

- In Highest form, it becomes transformed into Divine Will
- Moves beyond fear of being 'alone in the Universe' into a space of deep trust and knowing

Recognition of the Paradox that "You are absolutely free to do as you wish in life and yet nothing Is really in your hands" Richard Rudd, Gene Key 40

MASTERS OF DESTINY 4

7th Wave Economics

- Collective fear of survival (from 5th wave traumas) = fear of failure & inability to survive
- 7th wave : introduction of modern financial systems whose influences transferred fear of survival/death to money ie how much you do or don't have. Without money you can't survive
- Financing of wars & usury (late 1200's), modern systems circa 1400's
- Industrial growth and productivity – competition with others and 'nature'. 7th wave isolated us from Gaia and our true nature.
- Current fear of survival now drives the desire for 'more'….bigger houses, cars etc (never enough)
- Slavery to imperial masters in exchange for home/food (6th wave), became slavery to financial 'masters'
- Fiat currency (paper money/bills of exchange not backed by anything. Intrinsic value of 0)
- The eradication of money doesn't release us from the fear as it will find somewhere else to feed!
- Fuels modern concepts of Success and Failure, as well as isolation and lack of trust
- "Money' has become a spiritual teacher in the art of letting go of fear!

"Every time you find yourself worrying about money, take a deep breath, thank your ancestors and relax. When you truly need it, it always comes"……..Richard Rudd
